NOVEMBER 2020

## IRS Provides Transition Relief for 2020 ACA Reporting

The IRS recently issued [Notice 2020-76](#) to:

- Extend the due date for furnishing forms under Sections 6055 and 6056 for 2020 from Feb. 1, 2021, to March 2, 2021.
- Provide a final extension of good-faith transition relief from penalties related to 2020 information reporting under Sections 6055 and 6056.
- Provide additional penalty relief related to furnishing 2020 forms to individuals under Section 6055. Under this relief, employers will

only have to provide Form 1095-B to covered individuals upon request.

The due date for filing forms with the IRS for 2020 remains March 1, 2021 (since Feb. 28, 2021, is a Sunday), or March 31, 2021, if filing electronically.

### Action Steps

The IRS is encouraging reporting entities to furnish 2020 statements as soon as they are able. No request or other documentation is required to take advantage of the extended deadline.

## Summary of the 2020 Employer Health Benefits Annual Survey

Each year, the Kaiser Family Foundation and the Health Research & Educational Trust conduct a survey to examine employer-sponsored health benefits trends. Request a full summary from Employers Select Insurance Services for more details.

### Plan Enrollment Trends

The following were the most common plan types in 2020:

- Preferred provider organizations (PPOs)—47% of workers covered
- High deductible health plans with a savings option (HDHP/SOs)—31% of workers covered
- Health maintenance organizations (HMOs)—13% of workers covered
- Point-of-service (POS) plans—8% of workers covered

### Health Insurance Premiums

The average premium rose 4% for both single and family coverage over the past year—around \$7,470 and \$21,342 respectively.

### Worker Contributions

Workers contributed \$1,243 and \$5,588 toward their premiums for single and family coverage, respectively.

### Self-funding

Self-funded plan enrollment increased over the past year, with 23% of workers with small employers enrolled in either a partially or entirely self-funded plan, compared to 84% of workers with large employers.
